

## What We Offer

The Sallie B. Howard High School of Arts and Science is a free, public charter school offering a rigorous academic program and intensive training in Biotechnology, Music, Dance, Visual Art and Theatre Arts. The curriculum is designed to prepare students for college, the workforce or a career in the arts and sciences.

"My goal is to ensure that SBH High School is THE high school of choice in our community and the surrounding area. Rest assured that students graduating from SBH High School will leave prepared with a second-to-none pre-professional educational experience and well-equipped to succeed in the college and careers of their choice. Let the journey begin!"

-- Glenn Reaves – Principal, SBH High School

- National Honors Society for Dance Arts
- National Art Honor Society
- Performances & Social Events (Prom, Dances, etc)
- School Newspaper/Yearbook
- Science National Honor Society
- Science Olympiad
- Student Government
- Study Abroad

## Character

SBH High School recognizes that students need both academic and emotional intelligence to succeed in college and in their careers.

Our goal is to create a high school experience that graduates students with a strong sense of character and discipline that they can carry into their future professions. These qualities, combined with confidence, maturity and critical thinking skills, will best prepare our students to compete in the 21st century job market.

## SBHHS Welcomes Classes 2023 and 2024!
